The National Socialist Movement or NSM, is sponsoring a violent hate rally on the steps of the Capital of Texas on Veterans Day at 3:00pm. Billing themselves as “America's Nazi Party”, they are coming from all over Texas to rally against Jews being allowed to participate in elections.

The NSM has held dozens of hate rallies over the past few years. Everywhere they go racist attacks increase. They are working to build a violent movement for the extermination of all people not considered white.

Over 60 years ago, the “Greatest Generation” saw the nazi threat, mobilized America and smashed the fascist powers down in fire and blood. It is a shame that on this Veterans Day, American Nazis rise again in Austin as an insult to all those who believe in and fought for freedom.

It's our generation's turn to send the Nazi beast back to Hell!!!
